

Thank you Vanina.....

First, is that I appreciate the clarification that you have provided and would like to use this information for dissemination to other owners and I trust that you will have no objection to this.

Next, is that I would like to request that the paragraph below accompany all future statements to me. Ideally, I would propose that this paragraph be printed in a prominent portion of the Statement so that it is extremely clear to members that they can simply subtract this amount when submitting their payment.

The paragraph I am referring to is as follows:

"Please note, ARDA is entirely voluntary, and does not affect your vacation ownership. As explained previously, should you elect not to contribute to this organization, simply omit the specified contribution amount from your payment and the balance will automatically be removed from your account, shortly after the due date."

At this time, I would like to also ask if there has been any progress on the \$45.39 credit on account amount that has gone missing? (see info in previous email thread at the bottom of this email)

Thank you very much,

Robert A. Cummings

Subject: RE: Your Diamond Resort HOA Statement is available. (KMM9718369V90904L0KM)

Dear Robert A. Cummings:

Thank you for contacting Diamond Resorts International?.

We apologize for the delayed response, as we are currently experiencing an unusually high volume of e-mail correspondence.

The ARDA voluntary contribution included in your invoice is an entirely optional payment contributed toward the non-profit organization, American Resort Development Association. ARDA is a Washington, D.C.

based Professional Trade Association working as a Representative and Advocacy Group for Vacation Owners and Resort Development Industries.

Please note, ARDA is entirely voluntary, and does not affect your vacation ownership. As explained previously, should you elect not to contribute to this organization, simply omit the specified contribution amount from your payment and the balance will automatically be removed from your account, shortly after the due date.

While we understand and respect your point of view, should you have any suggestions or wish to voice your opinion, you are welcome to participate on the Home Owners Association meetings held every year for your Home Resort.

Should you have further questions regarding this or any other matter, you may reply to this e-mail or contact our staff at 1-877-374-2582 from the US or 0800-028-3857 from the UK. Thank you for your request, and we look forward to serving your future vacation needs.

Sincerely,

Vanina Almude | Direct Guest Correspondent | Diamond Resorts International? | Tel: 877.374.2582

WITHOUT PREDUDICE

Thanks StephanieI appreciate the prompt reply on this.

With respect to the ARDA-ROC voluntary contribution, I would like to suggest that this was added NOT by our HOA but rather, by a BOD that was weighted in favour of DRI by means of Proxy votes assigned to DRI supporters that ran for election to the BOD. All that you have to do to verify this, is check the ballots cast in the last BOD elections and then check to see how those winning BOD candidates cast their votes on this issue.

In my opinion, this is a scam and a deal that was made between Stephen J. Cloobek and ARDA for whatever reasons, and I plan to pursue this further.

There is no way that a BOD controlled by DRI can make a decision that affects all of the minority interests as broadly as this decision does.

Please advise your legal department to conduct themselves accordingly.

Regards,

Robert A. Cummings
