

Proxy Alert – Feb 8-12

Dear Members of COPP,

PROXY ALERT

In the next few days, all owners will be receiving their Proxy vote for the upcoming Annual Meeting in March.

This communication will be brief and is ONLY intended to ask that you DO NOT do anything with your Proxy until we have had a chance to review it and send you our next NewsLetter with more detailed instructions.

Please note that the Proxy information on the COPP website is from a prior year and will need to be updated. When we send the next NewsLetter concerning our Proxy votes, we will update the website at the same time.
