

Concerned Owners at the Point at Poipu (COPP)

VOLUNTEERS NEEDED

We are currently looking for volunteers to assist us in several areas. Our membership has passed the 1,000 barrier and growing each day. We have a lot of things to do in order to stay organized, operate professionally and attract new members that will continue to strengthen our group effort.

We would like to use the expertise that many of our members could add instead of having to pay for these services. This will allow us to use your contributions for legal fees and other areas that will enhance our chances to make changes.

We need help in the following areas:

Public Relations/Media Professionals – This position is critical and it is very important that we fill it with a qualified person as soon as possible. We need someone to represent us in those areas dealing with newspaper editors, reporters, and television reporters. If you have experience in this area, please let us know as soon as possible.

Web Master – Our webmaster could use a hand in the day to day operations of the website.

Newsletters – We are looking for someone that has experience drafting newsletters, press releases and other areas that would assist our Public Relations/Media Professional. This person must understand that these documents will be rough drafts and subject to editing. We are trying to do our best and it helps when we have multiple eyes looking at everything that is sent out.

Private Investigator – someone that has the knowledge, experience and the means to look into areas that might lead to discovery including the current construction contract and bidding process. This person must be internet savvy and work within the law. We want to provide our members with factual information, but we need to be accountable as well.

Blog Moderator – we are looking for someone that will monitor and continually refresh our new blog page www.blog.poipuowners.org and other internet timeshare forums in order to help with communication and attract members that are looking for our group for possible assistance.

Research – someone that is able to scour the internet to find additional owners and their contact information. We have several websites that list names of owners, but no contact information. We also have access to the services on the internet where we can pay a monthly rate and perform more detailed searches so we can contact these other owners.

Other – We are sure that there may be other areas to address that have not been covered and we welcome these ideas and volunteers to offer their assistance.

If you can offer your assistance in any of these areas, please send us an email with your resume or provide some background information to kpaulsen@poipuowners.org
